

How to access my free premium CSUK:ReviseCS course

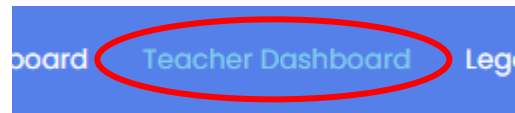

...so I can take a student revision account for a test drive

1. Log into CSUK:ReviseCS using your CSUK:Teacher credentials

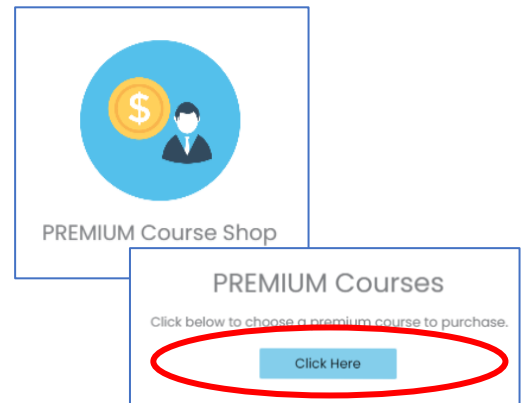

(website login sessions are now synced between the sites so you could log into CSUK:Teacher first, and then head over to CSUK:ReviseCS, where you should also be logged in).

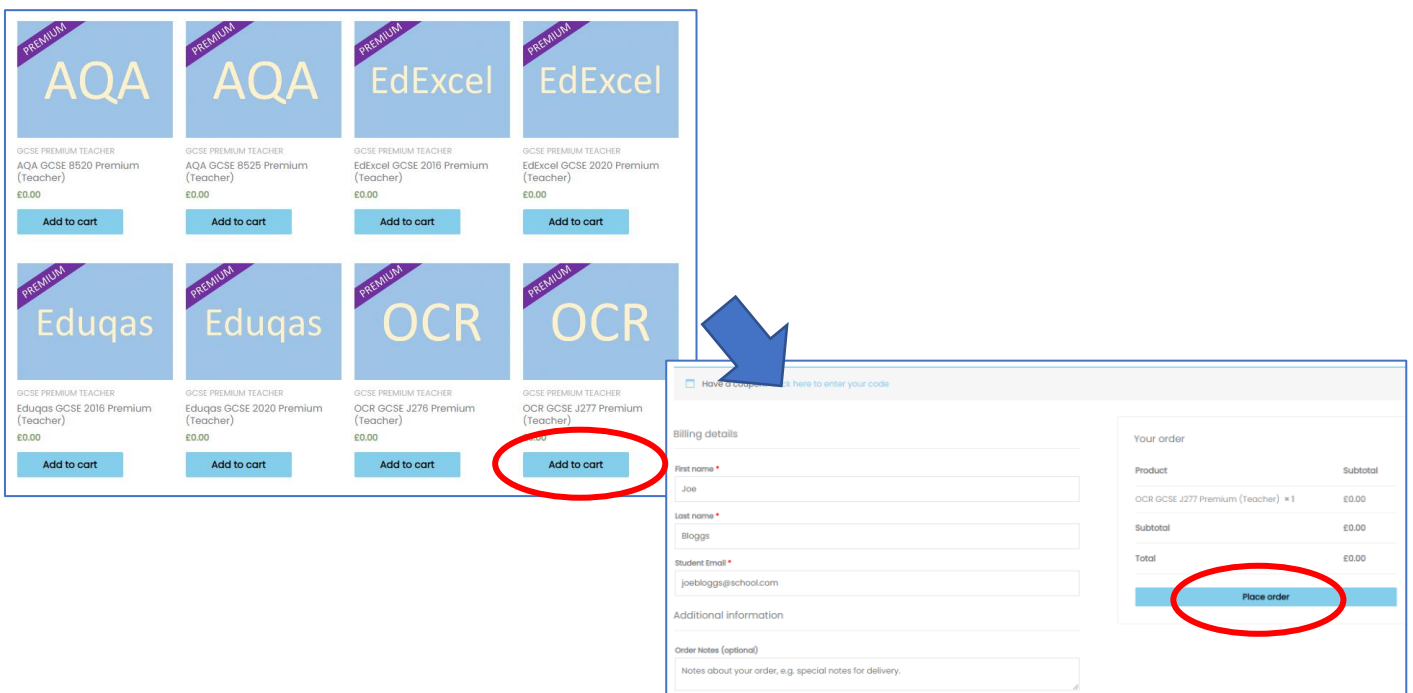

2. Click on the 'Teacher Dashboard' menu link.

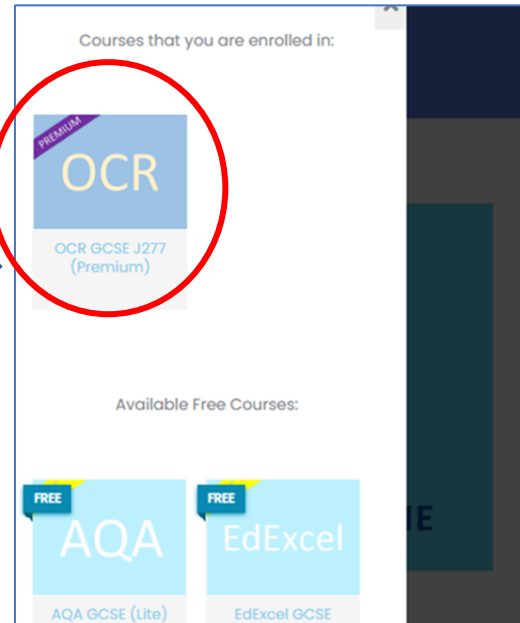

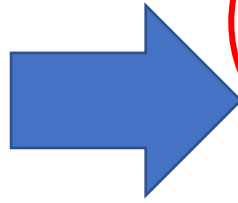

3. Scroll down to PREMIUM COURSE SHOP and click the button.

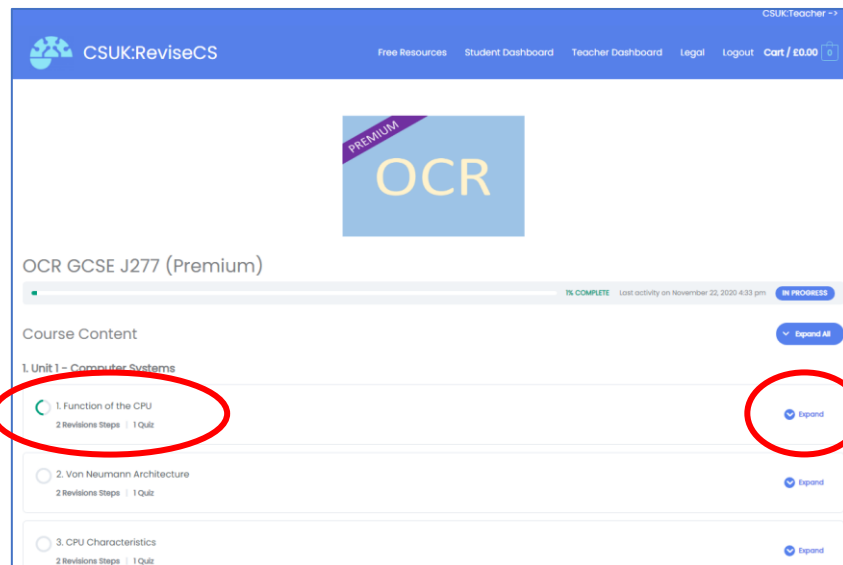

4. Add a course to your cart (these should appear as free if you have logged in with your CSUK:Teacher log in credentials. Then continue to the checkout page.

5. Go back to either the Teacher or Student Dashboard and click on the Learning Zone button. You should see your new course on the slide out bar, which you can click on.

6. After clicking on the link, you will be presented with the course page, which will provide you access to the various revision zones. Take a look around and explore the 'Learning Resources' that students will be able to make use of, if they had accounts.

7. Once you have entered a revision zone (which starts the course), the student's 'Quiz Zone' and 'Analytics' zone will become unlocked, allowing you quick access to the various quizzes that the site has to offer. And after taking a quiz or two, you will be able to see your progress updated on the 'Analytics' page.
